

JANKI IMPEX PVT LTD

Janki Impex is incorporated in 2002, manufactures and suppliers pharmaceutical equipments, analytical instruments, glassware, chemicals.

Mfg. & Sup. Lab Instrument, Engg. Instrument, Glassware, Chemical, Consumable & Spares.

PRODUCT DESCRIPTION

FLAME PHOTO METER

Features :

- Flame Photo Meter is designed to measure the estimation of sodium(Na) and Potassium (K) solution This result is displayed on especially designed The instrument is also capable for measuring Calcium (Ca) and Lithium (Li) as optional filter.
- For user convenience ,the unit offers two measuring modes,
- A Low concentration B High concentration

SPECIFICATION

Specification	: Max Ppm
Element	: Max Ppm
Sodium	: 1100
Potassium	: 1100
Calcium (Optional)	: 300
Lithium (Optional)	: 25
Reproducibility + 2%/	
& + 11 Digit	
Min Sample	: 3 MI
Detector	: Ldr
Filters	: Narrow Band Optical Filters Na/ K Standard Filter & Ca, Li/ Optional Filter
Aspiration Time	: 30 Sec Approx
Air Pressure	: 0.3 To 0.6 Kg/Cm2
Gas	: (To Be Aranged By End User)
Power	: 230 V + 110 %
